# Bosch Video Systems info

## Learn about predictive-ready video systems

Guided by the Power to Predict

## AI-driven Video Analytics

The next step in converting video data into insights at the edge

## Data and cybersecurity

For a reliable and compliant video system

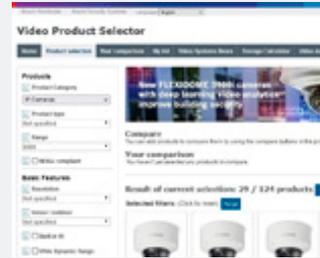

## Enhance building security

AI-driven video systems and solutions can transform buildings into smart, efficient, safe environments

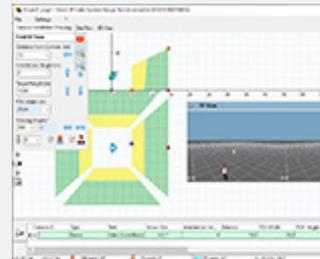

# Sales tools

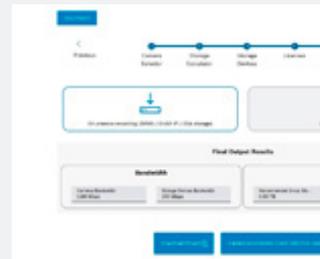

## Video Product Selector

Find the right Bosch video products for your application. Compare products and accessories

## Bosch IP Video System Design Tool

Design and plan your Bosch Video System in full detail and find the best camera locations

## Video Storage calculator

Determine storage capacity requirements

## Video Analytics and Lens calculator

Easily calculate how far a camera can see and at what distance it can detect objects with built-in video analytics

## Video Accessory Quick selection guide

Easily find the right accessory for your installation and determine the correct combination of accessories for the camera of your choice

## Set of tools for Autodesk® Revit®

Find all available 3D camera models and plug-ins for 3D field of view creation

## Set of tools for Bluebeam® Revu®

Find all available 2D camera symbols for your tool chest and plan your field of view coverage

## BVMS System Design Guide

Easily plan your BVMS system with Bosch cameras and storage

## Our focus industries

### Energy and utilities

Security and safety solutions for Critical Infrastructure

### Intelligent Transportation Systems

Create a smarter, safer, more sustainable transportation ecosystem

### Airports

Security solutions to manage incidents, support the business, and improve security

### Railway and metro

Solutions to support operations, optimize passenger experience and improve security

## More Video Systems resources

### Video Systems News

The latest updates on new products, solutions or customer stories

### Customer stories

Take a look at customer success stories

### Download Store

Download the latest software and firmware files

### Marketing Asset Library

Access a wide variety of marketing communications material

### Product catalog

Find datasheet, installation manuals and more in the product catalog

### Building Technologies Academy

Our training courses for integrators

### Where to buy

Use the dealer search to find your local partner

# Bosch AI-driven Video Analytics

We offer a menu of Intelligent Video Analytics that deliver highly-accurate data, are easy to use, future proof, and integrate seamlessly with various video management systems. Whether your needs are simple or advanced, we always have an intelligent video analytics solution to choose from.

## IVA Pro Buildings

- Reliable intrusion detection in busy scenes.
- Detect, classify, and count people and vehicles.

## IVA Pro Perimeter

- Robust performance in challenging environmental and lighting conditions.
- Detect intruders early and reliably at long-distance.

## IVA Pro Intelligent Tracking

- Detect, classify and track with precise detail, even while the camera is moving, and the object is standing still.

## IVA Pro Personal Protective Equipment

- Reliably detect personal protective equipment items on a specific person and promptly alert when missing.

## IVA Pro Appearance

- Analyze (identify and collect) physical attributes, such as clothing items, hair color and length, etc.

## IVA Pro Privacy

- A semi-transparent privacy mask ensures anonymization while still getting insights about moving objects in the area.

### IVA Pro Visual Gun Detection

- Designed to detect people brandishing guns and promptly alert personnel.

### IVA Pro Traffic

- Detects, classifies, and locates cars, motorcycles, bicycles, trucks, and buses in heavy traffic, day or night with high accuracy in challenging situations.
- Pedestrian and bicycle detection – to enable safety solutions for vulnerable road users.

### IVA Pro License Plate Recognition

- Identifies, analyzes and extracts the metadata from vehicle license plates.

### IVA Pro Vehicle make Model

- Detects and identifies the class, make and model of moving vehicles and their direction.

### IVA Pro Dangerous Goods Sign

- Detects and recognizes the content of dangerous good signs (ADR) on moving vehicles (car, van, truck) at 95%+ accuracy levels.

### IVA Pro LPR / Vehicle make Model / Dangerous Goods Signs

- Detailed vehicle data is crucial for traffic analysis, parking management, or fleet operations.
- By combining License Plate Recognition and Vehicle Make and Model, operators can gather richer data, such as the type of vehicles visiting a facility, patterns in vehicle types and their frequency, or specific brand distributions.

# 10 leading measures to help you build a reliable and compliant system

We embrace the highest standards when developing and manufacturing products, ensuring optimum data security and cyber resilience in every network-connected device. Since 2004, we have integrated crypto co-processors, certificates, closed operating systems, and signed firmware into all our products, including cameras, storage devices, and network communications.

**1 Embedded login firewall**

- Focus on blocking threats, not functionality
- An intelligent login firewall you can count on

**2 Secure Element**

- We set the standard with the most future-proof Secure Element with Trusted Platform Module (TPM) functionality
- Supports 4096-bit keys

**3 Password enforcement**

- Security first: set a password, then connect

**4 Minimum TLS 1.2**

- Transport Layer Security (TLS): a cryptographic protocol that provides secure communication
- A minimum version of TLS provides maximum security

**5 Simple Certificate Enrollment Protocol (SCEP)**

- Simplifies cybersecurity at scale
- An easy way to deploy and manage certificates on cameras

**6 Software sealing**

- Changes to a sealed camera configuration will trigger an alarm
- Protects against unintentional or unauthorized changes

**7 Encrypted firmware**

- Verifies firmware authenticity and prevents malware insertion

**8 Cloud firmware check**

- Stay up-to-date at all times
- Checks Download store for new firmware automatically

**9 Session timeout**

- Manage how long a configuration session can be left unattended

**10 Secure by default**

- Security by default, closed until you say it is open

**Maximum resilience**

Users can rely on BVMS for maximum resilience with continuous live video and playback, no matter the interruption. The video management system keeps operations running even if both management and recording servers fail. BVMS uses Advanced Encryption Standard (AES), preventing unauthorized access to sensitive data. It also offers extensive user management to ensure only authorized users can access video data.

**UL 2900 2-3 Level 2 Certified**

Standard for Safety and Software Cybersecurity for Network-Connectable Products

- Includes penetration testing on our products to probe for vulnerabilities
- Our certification is device specific up to level 3

**IEC 62443-4-1 Certified**

Security for industrial automation and control systems

- Focuses on the processes and definitions around developing and creating secure products
- It proves that Bosch can ensure a secure development process

**NDA 2019, section 889(a)(1)(A) and (FAR) 52.225-5**

US government regulations on purchasing and trade agreements

- Compliant with United States NDA 2019, section 889(a)(1)(A)
- Adherence to the United States Federal Acquisition Regulation (FAR) 52.225-5 on Trade Agreements

## Network Video Recorder ► DSA E-Series

■ Available – Not available

Commercial Type Number		DSA-N6xxxx-xxxx
Basic functions	Max. system size (channels)	800
	Integrated video management	–
	RAID Level	RAID-5/RAID-6/DDP
	Supported resolutions	CIF/2CIF/4CIF/720p/1080p/5MP
	Video compression	H.264, H.265, MPEG-4, ONVIF, RTSP, JPEG
	Transcoding	–
	ONVIF	■
Mechanical	Form factor	2U/4U 19-inch Rack Mount
	Network connections (LAN)	2x Gigabit Ethernet/ 2x 10 Gigabit Ethernet
	USB ports	–
	Number of power supplies	2
	Power supplies hot swappable	■
Video output	Connector type	–
	Monitor output	–
Audio	In / out channels	800 (audio playback via remote station only)
	Compression type	G.726
	Synchronous audio	■
	Associate multiple cameras to 1 Audio	■
Recording	Video Recording Manager (VRM)	–
	Schedule recording modes	■
Storage options	Max. drives supported	12/60
	Available capacities per drive	4, 8 or 12TB
	Base system capacity TB	–
	Max. Base system capacity TB	12 bay: 48/96/144TB 60 bay: 240/480/720TB
	Full system capacity TB	12 bay: 384/ 768/ 1152TB 60 bay: 720/1440/2160TB
	Extensible / external support	6Gb/s SAS (Copper)
Storage extensions	Max. number of units	12 bay: 7 / 60 bay: 3
	Maximum drives supported	12/60
	Available capacities per drive	4, 8 or 12TB
	Hot swappable	■
Export/back-up of data	Data format	WMF, Bosch ASF
	Built-in DVD writer	–
	Supported devices	External CD/DVD Writer, USB 2.0, iSCSI
	Back-up mode	manual or automatic

## Storage solutions

### Network Video Recorder ► DSA E-Series

■ Available – Not available

Commercial Type Number		DSA-N6xxxx-xxxx
Redundancy	Power supply redundancy	–
	Hot swappable HDD	–
Software options	PTZ control	–
	CCTV keyboard support	–
	Admin control	–
	Export options	–
Remote access	Mobile device (smart phone / tablet)	–
	Network	2x 10 Gigabit Ethernet
	Web browser access	–
	Simultaneous accessible users	–
Advanced features support	Forensic search support (metadata)	–
	Webclient	■
Supported software	Bosch Video Client	–
	Bosch Video Management System	–
	3 <sup>rd</sup> Party software	–
3 <sup>rd</sup> party integration tools	Optional ATM/POS integration	–

# Decoders

►VIDEOJET decoder 7000

■ Available – Not available

Commercial Type Number		VJD-7523
	Description	High performance H.265 UHD decoder
Video/Audio	Monitor Outputs	2x HDMI 2.0a 2x DisplayPort 1.2 (via USB-C)
	Video Codec	H.265, H.264, MPEG-4, MPEG-2
	Max. frames per second (fps)	5x 30@UHD* 10x 60@1080p* 20x 60@720p* 32x 30@432p*
	Audio in / out	via HDMI
	Transcoding at the edge	-
Interfaces	Alarm In	-
	Relay Out	-
	ONVIF conformant	-
Other	Keyboard	supported for IP Matrix
	IP Matrix	■

\* at 25°C with a single HD monitor connected
